

**TIM & YANNIS** – Director Duo

Tim Holder & Yannis Petrone (1997/1998) are a young directing duo from Zurich. Their friendship and passion for film began years ago in the skate park. They also share all their other hobbies, from sports to good food to art - they understand each other instinctively.

Tim & Yannis are both very visually inclined. Tim does the camera work and implements Yannis' creative ideas. This merges into a constructive exchange and is their recipe for success. The two are bold and hungry and always looking for a new challenge. They are ready to go that extra mile and put their hearts and souls, into every project, so that together, with a cool team, they can transfer their ideas from paper to the screen.
